2. Revision of year-end dividend forecast

| | Annual dividend per share | | |
|---|---------------------------|--------------|--------------|
| | Interim | Year-end | Annual |
| Previous forecast (Announced February 9, 2023) | JPY 24.00 | JPY 24.00 | JPY 48.00 |
| Revised forecast | - | JPY 26.00 | JPY 50.00 |
| Actual (current year) | JPY 24.00 | - | - |
| Actual (previous year) Fiscal year ended December 31, 2022 | JPY 22.00 | JPY 24.00 | JPY 46.00 |

3. Reason for change

The Company regards returning profits to its shareholders as one of the important management issues, and sets its standard for medium-term profit return as a total payout ratio of 50% with considering retained earnings required for future growth investment.

In view of business trend of the current year, the Company decided to increase JPY2 per share for year-end dividend, which leads to JPY26 for year-end dividend per share.

Note:
The forecast values included in this document were prepared based on information available as of the current point in time. Actual consolidated results may differ materially from the forecasts due to a variety of factors.
